

# Imation Disc Stakka™

## CD & DVD Data Manager

**The ideal CD and DVD storage and content management.** Never waste valuable time searching for discs or files again. Disc Stakka is an automated carousel that stores, protects and retrieves your 12 cm optical discs including data CDs, DVDs, music and game discs. Each unit holds up to 100 discs and connects to your computer via USB for power and data. You can stack units up to five high to create a tower that holds up to 500 discs without requiring additional cabling or desk space.

### Features & Benefits

---

**Storage and Protection** – Each unit stores, protects and retrieves up to 100 of your favourite 12 cm discs, including data CDs, DVDs, music and game discs. Disc Stakka's fully motorised disc insert and eject helps protect your valuable discs.

**Plug-and-Play** – Disc Stakka is simple to set up, linking to your computer via a single USB cable for both power and data connectivity.

**Expandable** – Stack up to five units to create a tower with up to 500 discs without any extra cabling or rebooting your PC. Connect towers using powered USB hubs to control over 100 towers (over 50,000 discs) from a single computer.

**Automated disc management** – Use the bundled OpdiTracker content management software to capture disc content, automatically recognising whenever you insert a new data disc into your computer's CD or DVD drive.

**Easy handling** – Search the database of stored discs by title, keyword, directory or file name to find and eject any disc within seconds. The intuitive OpdiTracker software is so simple to use. You will be storing, managing and protecting discs in no time.

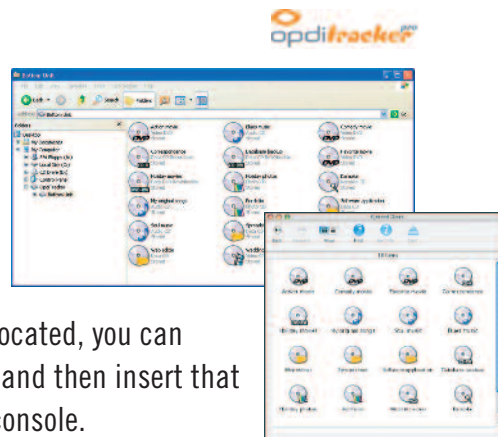

## System Requirements

Windows® XP, 2000, ME, 98SE or Macintosh® OS X (version 10.1 or higher)
Pentium II or G3 processor
32MB RAM minimum (64MB RAM recommended)
200MB free disk space
USB 1.1 or USB 2.0 compliant port
CD or DVD drive for capturing disc content

Disc Stakka comes bundled with the **OpciTracker content management software**, which includes a database and powerful search engine. Need a file? OpciTracker delivers the right disc in seconds! You can browse the discs and files stored in the Opci-Tracker database, or use OpciTracker's search engine to locate any disc or file within seconds. Once located, you can eject the disc that contains the content you require, and then insert that disc into your computer, CD or DVD player, or game console.
